## Classic, Permanent Team Build Service

Bringing the right hire into your Golang team at the right time is pivotal in the successful outcome of your programme. We blend targeted search and selection with the latest innovations in recruitment technology to secure you the most effective talent and de-risk your organisation from making a bad hire.

With the added reassurance of a free replacement guarantee for 12 months.

## COMPONENTS

- Candidate profiling and testing
- Branded advertising campaign
- Executive search style headhunting with key reporting and market mapping
- Video interviewing platform

Broader reach accessing talent across global markets

Real insight into the candidate's future performance

Actionable market intelligence throughout the process

Predictable workflow and SLA accountability

## OUTCOMES
